RE: Final Draft, Base Realignment and Closure Interim Remedial
Workplans, Study Areas 39 and 40, Naval Training Center,
Orlando, FL

Dear Mr. Hansel:

I have completed my review of the BRAC Work Plan For Interim Remedial Action for Study Areas 39 and 40 (SA 39 and SA 40), Naval Training Center Orlando, dated September 1998 (received September 21, 1998), prepared and submitted by Harding Lawson Associates. The Workplan is adequate for its intent.

However, confirmatory sample analytical results should be compared to the Department's Soil Cleanup Target Levels (SCTLs) for Chapter 62-785, Florida Administrative Code, instead of the outdated Soil Cleanup Goals (SCGs).

If I can be of any further assistance with this matter, please contact me at (850)488-3693.

Sincerely,

David P. Grabka
Remedial Project Manager
